The City Council has authorized the Mayor to redeem two thousand dollars of Normal School bonds at one dollar and fifteen cents and interest. Seems to us that this is a little steep for these hard times. If the Democrats carry the country in November as they claim they will, these bonds could have been redeemed with free silver at half the price the Council proposes to pay for them.

FRIDAY.

The big bargain store, "Spot Cash."

The corn crop in this section of the country will not be what it ought to be this year.

There are eight Democratic candidates for Assessor in this county and not a ghost of a show for one of them. How silly some men can be.

Your dollar does double duty at the "Spot Cash."

See bargains in south window of "Spot Cash."

John M. Casebolt, of Butler county, who has been visiting relatives in this city for a week will leave for his home to-morrow morning.

I heard of Dr. Bell's Pine-Tar-Honey being for sale at the store of Messrs. Gann, Burnett & Co., Grantsburg, Ills., and seeing many recommendations from different persons, of its wonderful valuable merits, I thought I would try a bottle. I have been seriously affected for 25 years with a cough and pains in my side and breast that was causing me a miserable life. I spent hundreds of dollars with doctors and for medicine, but everything failed until I tried this wonderful remedy. It beats the world and has saved my life. I recommend Dr. Bell's Pine-Tar-Honey to everybody with weak lungs. It is a great success. Sold by all dealers.

J. B. ROSELL.

Grantsburg, Ills.

Your money back if you want it at "Spot Cash."

Prof. H. Foss, the expert optician, who has been in our midst for the past two months will leave in a few days. The Professor has benefited a great many people here, old and young, by his reliable lenses. He is highly recommended by our most prominent and leading citizens as to competency and fair dealing. He carries the finest and most complete stock in the optical line outside the large cities. The DEMOCRAT takes pleasure in recommending the Professor wherever he may go.

Mr. Brown, formerly of Richmond, Missouri, who has just opened a store in the Jaeger building on Main street, informs a DEMOCRAT reporter that he intends to carry most anything that sells. Mr. Brown is a liberal advertiser. He sells for spot cash and he believes in keeping goods and money moving. The way to do this is to sell cheap and that he does. See his ad in another column.

Just! Post No. 173 N. G., Missouri

G. A. R.

CAPE GIRARDEAU, August 8, 1896. —At a regular meeting of the Post, the Committee on Resolutions presented the following on the death of Comrad August Von Cloedt, which were unanimously adopted.

LIGHTS OUT!

Another veteran has been discharged from the labors of this life to bask on the sunny shores of the "Eternal Camping ground."

Comrad August Von Cloedt, a native of Prussia, born May 26th, 1829, served in the armies of his native land and rose to the grade of Captain. Resigning therefrom he joined the army of Garibaldi, was commissioned Major, and fought for the unity and liberty of Italy. Then emigrating, he settled in the United States and enlisted in Co. I, 119. N. Y. Infantry, where he served with much distinction and rose to the grade of Captain and was transferred to the staff of Gen. Blaker of the army of the Potomac. During this service he was captured and held as a prisoner of war for nearly two years. After his release and discharge he settled in Cape Girardeau and was appointed City Engineer for a number of years and the grading and McAdmizing of Broadway and our Levee still stand monuments to his skill and ability as a Civil Engineer.

Comrad Von Cloedt has been a faithful member of this Post, a true friend of every true soldier, and quiet, law-abiding citizen. Since he left the army his health has been poor, which has confined him to his room during the past five years, where he spent his time poring over books and papers, always taking a deep interest in all matters pertaining to his native and adopted country.

He made his home at Mrs. Frank's, where kind, loving hands and hearts were ever ready to administer to his slightest want, therefore be it

RESOLVED, That in the death of Comrad Von Cloedt, the country has lost a true soldier, this Post a faithful member and the city and State a law-abiding citizen.

RESOLVED further, that a copy of these resolutions be published in the city press, and a copy spread on the records of this Post, and the furniture of the Post to be draped for thirty days.

A true copy. G. W. TRAVIS, JOHN KASSEL, JOHN WOLTERS, Committee.

ALEXANDER ROSS, Sergt. Major.

Report of the Special Committee on County Supervision to the Missouri State Teachers' Association, Adopted at Pertle Springs, June 21, '96.

We, the Missouri State Teachers' Association, believing the greatest defect in our public school system to be its failure to provide for the efficient inspection and supervision of our country schools and that the correction of this defect is necessarily the first step in the improvement of these schools, do hereby petition the State legislature to enact into a law a bill to increase the powers and define the duties of County Commissioners.

This bill should contain the following provisions:

1st. That the commissioner shall be a teacher of not less than two years successful experience and shall possess educational qualifications equal to those provided for in a few years high school course.

2nd. That he shall have general superintendence of the schools of his county. He shall visit each school at least once each year and shall labor in every practicable way to elevate the standard of teaching and to improve the condition of the schools of his county.

3rd. That the salary of the County Commissioner shall be in proportion to the population and wealth of his county and work performed and sufficient to command the service which the ranks of the teaching profession afford.

The City Council Puzzled.

The City Council met last Wednesday morning. A communication from the Board of Health was read. The Board of health wants the Council to appoint a man to look after the people who dump garbage on the streets and alleys. The Councilmen got into a wrangle over the matter. They did not know what to do, but they finally, after considerable gab, decided to do nothing. They branched off the subject, jumped on to the lewd women and then on to the poor cows and finally quit business without doing anything.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps the more generally needed in the Spring, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alternative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, Indigestion, Constipation, Dizziness yield to Electric Bitters. Only fifty cents per bottle at W. C. Haman's drug store.

Probate Court Adjourned.

On account of the illness of Judge Joseph Koehler, Probate Court at Jackson was adjourned to September 14th. The court will then convene and be in session till all the business is disposed of.
